Back-up alarm 800-series Smart Alarm® 12/24V

- Rugged design, steel housing
- 5 volume ranges available
- 12-24V or 12-36V

PRODUCT DESCRIPTION

The Smart Alarm® from ECCO was the worlds first self-adjusting back-up alarm, constantly measuring ambient noise and adjusting their sound level, creating a volume that is safe without being annoying or contributing to noise pollution. Smart Alarms® eliminate the need for constant manual adjustment and help prevent intentional alarm disconnection. Steel housing and rugged construction for demanding applications. Reverse mounted speaker enhances sound and protects the alarm from dust and moisture ingress. Sealed in epoxy for protection against dust, moisture and vibration.

SPECIFICATIONS

Approvals	CE
Connection Thread	Wire output right
EMC	R10
Height	105 mm
IP Class	IP64
Length	146 mm
Multi frequency sound	No
Power consumption	1,5 A
Smart Alarm	Yes
Sound strength max	112 dB
Sound strength min	87 dB
Temperature range from	-40 °C
Temperature range to	85 °C
Width	79 mm
Voltage	12-24 V
