

HONSBERG - FW1 SERIES FLOW SWITCH

Piston

FW1-015GP006
FLOW SW .plastic 1-6 l/min, G1/2

- Switching Range 1..11 l/min H²O
- Water (Oil available on request)
- G¹/₄" up to G1"
- Brass or POM Wetted Parts
- Max Pressure 10 bar

PRODUCT DESCRIPTION

Mechanical flow switch, for fluid media, with spring-supported piston and magnetic triggering of a reed switch. Robust construction in brass and POM

SPECIFICATIONS

Contact Rating Max	0,5 A
Contact Rating Max	50 VA
Flow Max l/min Double	20 l/min
Flow Range Max	6 l/min
Flow Range Min	1 l/min
IP Class	IP67
Material of body	POM
Materials Spring	Stainless steel 301
Pressure Range Max	10 bar
Temperature range of media to	90 °C
Type of flow component	Flow Switches
Weight	0,05 kg
Voltage AC max	230 V
