

TIANMA SCREENS

TFT Blank Displays

TM070RBH10-41
LCD TFT 7,0 with TSP

- TFT standard displays
- Wide operating temperature range
- With capacitive and resistive touch panel

PRODUCT DESCRIPTION

Standard products cover the size range from 1" to 30". The displays offer a wide viewing angle and brightness with LED backlights. Several LED backlights have a lifetime of up to 70 000 hours. Possibilities are also available for a wider operating temperature range, with the display being used outside your buildings.

All common interfaces available, e.g. LVDS and MPI.
